A PARENT EDUCATION AND LANGUAGE  
DEVELOPMENT PROGRAMME

For parents of one- to three-year-old children

## As parents,

you play a vital part in your child's language development. Children raised multilingually need support so that they can learn both their first language and their second language (in this case German) properly.

## With GRIFFBEREIT,

you have the opportunity to meet and share with other parents who have children of the same age.

This will give you plenty of new ideas and encouragement for playing with your child.

And, in the GRIFFBEREIT groups, (Griffbereit can be loosely translated as Taking Hold), you can find out about many aspects of parenting.

## GRIFFBEREIT

works like this:

- a qualified parent coach leads the programme at the child's day nursery
- parents meet weekly with their coach at the nursery
- at home, parents help their children acquire their first language
- participation is free of charge
