Region Hannover

What is the Region-S-Karte?

Inhabitants of the Region of Hanover who get specific social benefits can use busses and trains in the transport network of the Großraum-Verkehr Hannover (GVH) at discounted rates. You can choose between the **TagesEinzelTicket S** (day pass) and the **MobilCard S** (monthly pass).

There is also an option to visit the Adventure-Zoo of Hanover at a reduced price. For this the **Region-S-Karte** is the precondition. It usually will be sent to all eligible persons.

How do you use the TagesEinzelTicket S (day pass)?

Before starting the journey, you have to buy a **TagesEinzelTicket S** for the number of zones that you want to travel in. With this you can use the local traffic offer of the GVH the whole day long until 05.00 hrs. on the following day – you can also use trains in the second class cabins. For children from 6 up to (including) 14 years of age there is the **Kinder-TagesTicketS**. It is valid in all tariff zones.

How do you use the MobilCard S (monthly pass)?

Before starting the journey, you have to buy a **MobilCard S** for the number of zones that you want to travel in. Please fill in immediately your first name and surname on the **MobilCard S** as it is not transferable to other persons. Now you are able to use the local traffic offer of the GVH for a month, also the second class cabins of trains. Please choose the first day of validity at purchase.

On working days after 7 pm and all day long at the weekend and on official holidays the **MobilCard S** allows you to take along one adult and up to three adolescents or children under 18 years of age. For this it is required that as well the persons taken along own a **Region-S-Karte** and carry it along also.
