

Clues Round 1

While the police secure the crime scene and are looking for evidence, the suspects have a chance to exchange views and shed more light on the events of the evening.

Each of the participants receives a further clue. The clues must be given to the appropriate persons without the other players being able to read them.

Then the participants are free to use the clues during the discussion.

CLUE 1.1

John

Where did he want to go?
And why did you not see him again until just before 8 pm?

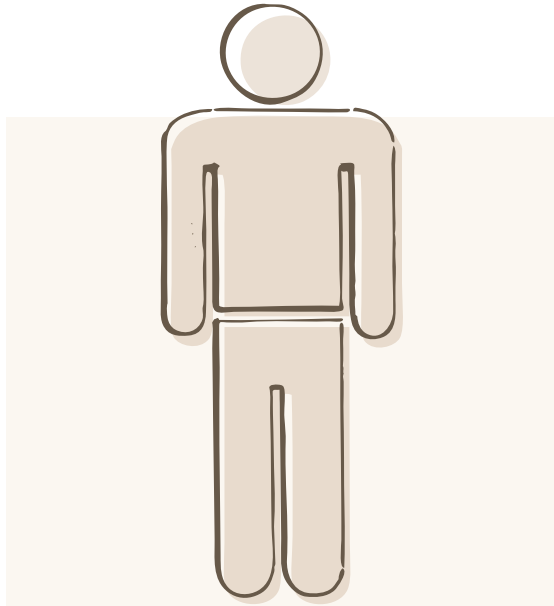

At 7:30 pm Andrew, with whom you were just having a conversation, disappeared from the celebration because he had got a phone call.

CLUE 1.2

Andrew

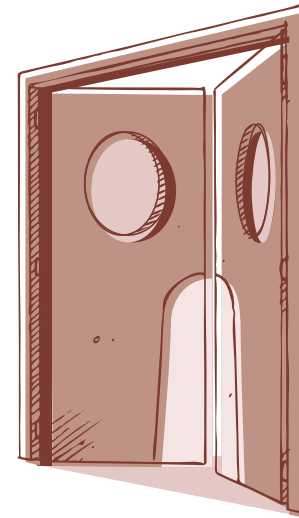

You saw Kevin go to the toilet at around 6.30pm.
You noticed that a woman followed him.
That must have been Rebecca Roller.

CLUE 1.3

Rebecca

Who killed Kevin?
Did Jane find out about you? Did she have the opportunity?
You saw Natalia taking a break around 7.40 pm.
She was sitting alone at the bar drinking an Espresso.
In the meantime, anybody could have gone to the kitchen unobserved.

CLUE 1.4

Jane

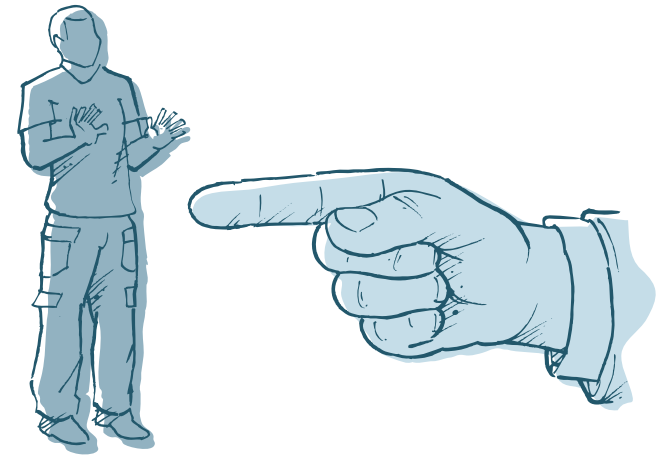

Through Kevin and because of your work as a private investigator
you have a lot of information about the others.
How on earth can you help to catch dear Kevin's murderer?
Who could have a motive? Frank, because Kevin had announced a revelation?
Your father, John, because he hated Kevin, after all?
Or someone else altogether?
Kevin had said shortly before the event: 'Well, he's in for a nasty surprise'.
But maybe he wasn't talking about Frank but about Andrew
because of the controversial paving stones?

CLUE 1.5

Frank

You have to see who you can best divert suspicion to!
Maybe John? He must have hated his son-in-law, as Andrew told you.
And he is so choleric, everyone here would believe that he was capable
of murdering someone! Besides, you've heard that by all accounts Kevin put
the bloodhounds of the veterinary office on his scent.
And then, Natalia said that Yusuf was totally jealous of Kevin.
Maybe that's also an option...

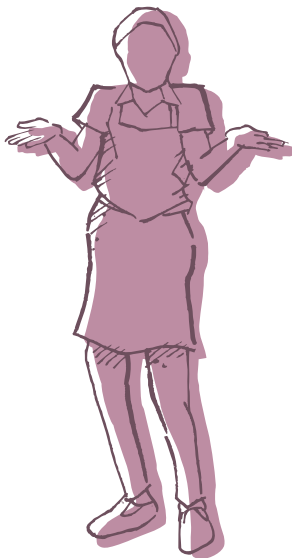

CLUE 1.6

Natalia

It's probably best to play innocent and naive.

You can hardly talk about the extortion without incriminating yourself for employing clandestine workers. Whoever could have known about it? Jane is a private eye, Rebecca can check with her colleagues, and otherwise... maybe Nikos? He knows everything and everybody!

What in the world can you do? Are you to blame?

CLUE 1.7

Nikos

Wouldn't he like to see this 'Fair Craze' to vanish from the market, and ideally its owner along with it?

You know that Yusuf is not well disposed towards you and Kevin, at all. Especially Kevin's shop has cost him a lot of revenue. And he had a row with Natalia over Kevin, just because Kevin tried to win her as a customer.

CLUE 1.8

Yusuf

You've known for some time now that Nikos seems to fancy Jane.
His languishing looks are totally obvious.
Are these two an item?
Did someone want to get an obstacle for his love out of the way here?
On the other hand, Kevin had made a pass at Natalia.
Not that Jane is as quick-tempered as her father.
But you can well imagine a crime of passion.
